Product **Features**

Book Directly From Outlook Calendar

Quick, simple and seamless room booking using Microsoft Outlook Exchange Calendar or via the CHOPE room booking panel.

Easy Enrolment and Management

Simple, streamlined enrolment and room booking process that saves time for both administrators and users.

Contact-free Access

Elegant room booking panel with integrated QR scanner and RF reader for contact-free entry.

People Counting & Smart Energy

Integrated with People Counting and Smart Energy measurement for resource usage monitoring.

Visibility and Insights

Analytics in the backend aggregates all booking and resource usage data to give you a trend analysis. Room usage patterns are beautifully visualized on an interactive live dashboard.

High Security and Privacy

AITS uses end-to-end encryption and is fully compliant with privacy laws.

Extensive Reports

Customized report generation for internal audits and documentation.

## Cloud Solution / On-premise Solution

Our system creates and stores profiles in the device (edge computing) and backs them up to your cloud (eliminating the hassle of profile management) / to your local server (giving you full control of all device and profile data).
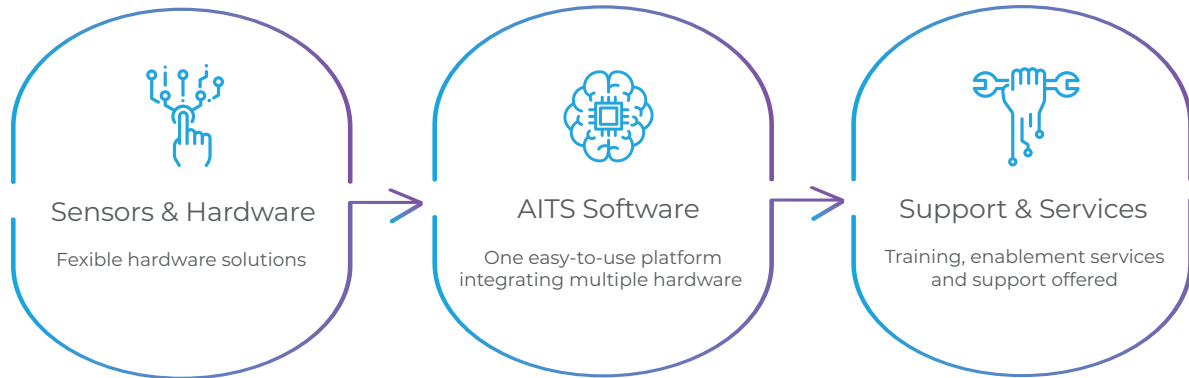

Customizations

AITS is a one-stop complete Artificial Intelligence solution integrator. We can provide customized solutions tailored to your business needs.

System **Architecture**
